

# ISOTHERM -Tongue and Groove Wall/Partition Panels

## ISOTHERM -Tongue and Groove Wall/Partition Panels

Our tongue and groove panels, also known as ceiling and internal wall partition panels, are ideal for internal partitioning for industrial, commercial, retail uses and more.

**ISOTHERM Flat/Partition panels** minimum length is **2.00 m** and maximum length is **18.00m** Care must be shown while selecting longer lengths for Flat panels. Mishandling during unloading and installation can cause damage. Consult **ISOTHERM** Technical department for guidance.

T: Core Thickness (mm)	50
Weight - Steel (kg/m <sup>2</sup> ) <sup>1</sup>	10.30
Weight - Aluminum (kg/m <sup>2</sup> ) <sup>2</sup>	5.50
U value - PIR (W/m <sup>2</sup> K) <sup>3</sup>	0.42
U value - PUR (W/m <sup>2</sup> K) <sup>3</sup>	0.42

1 Based on 0.50mm thick GI/steel facing.

2Based on 0.70mm thick outer and 0.50mm thick inner facing
